HARMONIA CLUB EXERCISEs. - The Soirce of the Harmonia Club on Thursday night last was numer- | deprived of my allowance of food for no other resonsly attended, and we learn the exercises passed off in a most pleasant and satisfactory manner.

Skow .- As we write, (Friday, p. m.,) large flakes are "falling thick and fast," and the weather has all | ers. Lie appearances of winter. This is something very unusual for this latitude at this time of year.

Sr. CLOUD HOTEL .- One of the best hotels in this city or the south-west, is the St. Cloud. It is centrally located, convenient to business, and has from its opening been a most popular place of resort with travellers. It is well kept and well managed, and we are glad to hear is constantly thronged with

MOUNT WASHINGTON, March 11, 1857. HALL TAVERN, Builtet co., Ky. To the Editors of the Louisville Journal: I notice in this morning's Democrat an article in relation to the escape of a young lady from Naza

I hope, through your columns, to be allowed the privilege of correcting the statement and giving the facts in the case. I am the fugitive spoken of, who escaped from that institution, the corruptions of which, nothing but Eternity will disclose. I was placed in this institution, Jan. 28, 1856, by my brother, who resides in Nashville, Tenn, and not, as stated, in Virginia; with positive instructions that he did not wish me educated in the principles of

tionary with mys-if. While attending since that time I have been subcontrary to my own feelings. My reasons for leavconfined in a room, 2, 3, and once 5 days at a time, son than that of refusing to go to confession. This and a variety of other punishments have been inflicted from time to time, exhibiting a disposition like any thing but that requisite for a student far from home and under the protection of the teach-

Their regulations are such that no letter written by me could inform my friends of my condition. At length, when their commands were past all endurance, I determined to make good my escape at the first opportunity, which I effected Feb. 16, at 8 o'clock, P. M. Having been all day in close confinement, I made my esc. pe during prayers. I re mained all night in the neighborhood and between 4 and 5 o'clock next morning I hastened on foot to get beyond the reach of my pursuers. At 2 o'clock I was overtaken by the overseer, on horseback, two miles beyond Mt. Washington, on my way to Lou-

He demanded my return; I protested and told bim plainly that I would not go. He then urged me to go back to the Botel at Mt. Washington, which I did, being first advised to co so by a gentleman who was accompanying him, assuring me that I should be protected. On the night of the 17th Dr Mattingly called for me at 12 o'clock, but, refusing to see him, he remained all night and the next morning urged me to return with him. To the people of Mt. Washington and particular-

and Dr. Mattingly's demanding me as under his custody and that my brother resides somewhere in Virginia are palpaule falsehoods. The statements I have made I affirm and declare, has advanced. The last sales were at \$2,50 per box, as God is my Judge, to be the truth and nothing Yours with respect.

WRITING A LL who wish to avail themselves of Mr. DOLBEAR'S instructions in Writing should do so without delay, as Mr. D.'s stay in the city is but limited. Those who wish to know the Parents, Ladies and Gentlemen

Are invited to call and examine the rapid improvement of LADIES In a few lessons learn to write with ease and elegance. No where do Ladies feel the want of facility in writing more than when marriage or other causes separate families, so that the only means of intercourse is on paper. The want of this facility often causes families to become extraoged from each other, because a stiff, cramped hand renders that an intelerable task, which would otherwise be a pleasure. The following remarks of the Hon. T. H. Baston are very

gages in business, I greatly applied your meritorious exer-tions to improve the chirography of the age. A gentleman or a lady either who writes badly, never writes willingly;

or a lady either who writes badly, never writes willingly; and consequently fall often to write when they should; and when they do write, it is done at the last moment, with hasts and impatience, and consequently with faults of all kinds, often committing and lojurin. both the writer and the cause which he advocates. Wishing you every success in year laudable undertakings, I remain yours, respectfully, THOS. II. BENTON. PARENTS Are invited to contrast the cost facility of children 6 or 6 years of age, after a few lessons from Mr. D., with the stiff,

cramped style of those twice their age, who have been 8 or 8 years learning in the common method, and then judge which is the cheapest and best method. CHILDREN

Neuralgia Cured .- Read what Mr. Boyden says: no medicine ever had certificates from such respectable sources as Catter's Spanish Mixture. Mr. F. Boyden, one of the original proprietors of the Astor House, New York, and for a number of years of the Exchange Ho el, Richmond, Va., was cured of a severe attack of Neuralgia, by Carter's Spanish Mixture. The rapid and perfect cure effected in his case by this valuable medicine, arrested his attention and excited his interest; he recommended it to others afflicted with a variety of diseases, and in every instance a cure was effected. He has seen it cure Ague and Fever, Rheumatism, Liver Complaint, Dyspepsia, Fevers, Violent Coughs, and cases which were said to be confirmed Consumption, and nearly every other disease for which it is used. He remarks it is difficult to know what disease it will not relieve or cure, and as a Blood Purifier, and Spring and Fall medicine,, he has never seen its equal. He cheerfully recommends it on all occasions, and believes it to be the most valuable remedy extant. march8-1m

Mercury, when taken to excess, debilitates the system, lestroys the marrow, weakens the blood, and brings about disease which renders life burthensome. When such is the case, the sufferer may readily find relief in the use of Carter's Spanish Mixture, a never-falling antidote for this destructive poison. In Virginia alone there are hundreds of persons who have been permaneutly cured of mercurial affections by the use of Carter's Spanish Mixture. Important to Consumptives -- Many valuable lives

have been saved by HEGERAN, CLARE & Co.'s GENUISE Con Lives On, which, in all human probability, would have been lost but for its timely use. It is no quack medicine, but the pure Oil, made with the utmost care from the Fresh Cod Fish Livers, and is recommended by the most eminent physicians in Europe and America, and has proved by ten years' experience the most valuable remedy for Consumption and Scrofula ever discovered, for, while it cures the disease, it increases the

health and strength of the patient. Carnon There is a great deal of spurious oil, adultersted with Seal Oil, Whale Oil, &c., which, instead of benefitting, injures the patient, by deranging the digestive organs, but being cheaper, is by unprincipled persons palmed

off for genuine. Notice, that HEGENAN, CLARK & Co.'s signature is over the cork, and the Eagle and Mortar on the label; for, since the debth of W. L. Rushton, our late partner, there has been an article called Rushton's put in the market, which is in no way connected with with R. C. & Co., or H. C. & Co.; and thousands who had used other Oil without success, have been restored to health by the Genuine Oil of our manufature.

The ceilings over us and the carpets we tread on, are hallowed by Art. Art winds the railway through the mountains and the mud; makes her machines of wood and iron, to act as if with knowledge and annihilates space with lightning tamed down to the tuteledge of a boy. Nothing is too lofty for her touch and nothing too humble. A new proof of this old conviction has just fallen under our notice, in the shape of a CATHARvid Pill, from the Laboratory of that world renowned

Chemist, Dr. C. J. Avan. If we understand the subject, he has carried that article to the farthest perfection of which it is capable. Instead of employing Drugs in its composition, as we have always thought the necessary and only way, he has with consummate skill extracted the pirtues of the medicine to be employed and combined them alone in their purity together. The composition is then mixed and rolled by machinery and steam power into a sperold pill which is wrapped in an envelope of gelatine, for protection from the effects of weather or time, and then thickly coated with sugar, to serve as its passport over the palate. Notwithstanding all the labored perfection they are offered to the Public at less than one centeach. However humble the department, we think this may be cafely characterized as the consummation of Art in

the arithmometer, at which he has been working for upwards of thirty years. It may be used without the least trouble or possibility of error, not only for but also for much more complex operations, such as the extraction of the square root, involution, the resolution of triangles, &c. A multiplication of eight figures by either others is made in eighteen seconds; a division of eighteen figures by eight figures in twenty-four seconds; and in one minute and a quarter one can extract the square root of sixteen figures, and also prove the accuracy of the calculation. The arithmometer adapts itself to every sort of combination. As an instance of the wonderful
